

ENROLL WITH US & STUDY LATER - TRAINING COMMENCES MARCH 2024

All SETA accredited programmes come to an end June 2024 paving way for the QCTO occupational qualifications. The contents of the programmes are similar, difference in these programmes is the assessment approach - Producing a Portfolio of Evidence (PoE) versus sitting a closed book examination.

Many of our students enjoyed the assessment approach of producing a PoE

If you enroll on any of our SETA programmes/qualifications before June 2024, you have up to 2027 to study and submit a PoE

Take advantage of this Window, identify your programme & Enroll with us
